Web Site

The Dixie Archaeology Society web site (www.dixierockart.webs.com) is up and running. Please consider signing up as a site member. Site members should receive email updates whenever anything on the site is updated.

Please post your comments on the blog that is part of the site. Please add your archaeology related photos to the photo blog. This site is for you, the members. We'd like to hear what you think.

We Need Your Help

We still need your help with volunteers who will work with the board members to develop a field trip schedule and then lead the trips to the sites that are selected.

Field trips are an integral part of the DAS mission – preservation through education. We need your help to continue and expand this activity so that more of the club members become involved with the trips.

Please contact Mel or Howard to express your interest in this activity.

Field Trip Report

There was no field trip in July.

Field Trip Info

Field trips will resume in September.

Remember, you must be a member of DAS to participate in a field trip. You must be at the meeting in order to sign up for a field trip.

Meeting Report

The summer party was a great success. Great location! Great food! Great fellowship!

URARA Symposium

Mark your calendars! The 2014 annual URARA Symposium will be held in Kanab UT on October 10-13, 2014.

Go to <http://www.utahrockart.org> for information.

Thanks

Thanks to Howard for organizing the summer party.

Final Thoughts

Summer is here along with the very hot weather. Hike in the early morning. Know your limits. Drink lots of water. Be careful out there.

Where are the monsoons? We need the rain. I'm sure this was a common thought going back thousands of years.
